A graduate of the class of 2021, Shanika came to Logos Academy at the beginning of tenth grade. Shanika faced much transition in life prior to coming to Logos Academy. Despite much change in her life in the past few years, she still managed to retain Honor Roll status and ranked fourth in her class. During her time at Logos Academy, Shanika placed several times in different Poetry Out Loud competitions, represented our school as a student ambassador, and became an active and engaged member of our local community.

Shanika has a passion for giving back and serving others. When Shanika was not at school, she volunteered as a member at a number of local non-profit organizations, worked as a poll worker during our most recent presidential election, and served as a mentor at Everybody Dance Now’s dance camp for kids. Shanika plans to attend the University of the Sciences in Philadelphia where she hopes to pursue a career in neuroscience. Shanika has excelled—growing into a young adult who possesses intelligence and character.

"...We must remember that intelligence is not enough. Intelligence plus character—that is the goal of true education." 
-Martin Luther King, Jr.
Empowering Students
Academic results improve progressively through grammar and middle school until students perform well above national averages in high school.

- **Grammar** %tile
- **Middle** %tile
- **High** %tile

National Percentile for Logos Academy: 2018-2019
*Language statistics only represent grades 3-5. K-2 does not participate in language testing.

All Students Achieve Well Above National Averages
Income level does not determine academic success in high school.

Note: Free and reduced lunch qualification used for defining poverty. MAP test scores averaged across reading, language use, and math.

Students above Federal Poverty: 63rd %tile
Students below Federal Poverty: 56th %tile
National Average

220 Students Enrolled

24% Black or African American
24% Hispanic
