Welcoming All

As a school that is grounded in the love of Christ, Logos Academy has an “open-enrollment” policy that warmly welcomes students from any faith or no faith background. We seek and celebrate cultural diversity among our students and staff. Students are encouraged to engage in respectful dialogue around a variety of ideas surrounding academic subjects and societal challenges.

“...We must remember that intelligence is not enough.

Intelligence *Plus* Character

-- that is the goal of true education.”

- Martin Luther King, Jr.

A Different Type of School

In 1998, two women with no formal background in education were moved by their faith in Christ to start a school where every student could receive an excellent education, regardless of their family’s income. Today, Logos Academy, an independent school accredited by the Middle States Association, serves 250 students in grades K-12. Two-thirds of these students live at or below the federal poverty line. Without the aid of government funding, generous donors give scholarships to make it possible for students who normally would not be able to afford tuition at Logos Academy to attend at just a fraction of the cost. Everybody pays something to attend and the results speak for themselves. Students across the economic and cultural spectrum succeed at Logos Academy and go on to a meaningful future professionally, academically, and spiritually.

Meet Montika!

A junior of the class of 2023, Montika Smith came to Logos Academy in the fifth grade ready for a change. She longed for a sense of community that she just could not find in the public school system. Montika worked hard, built relationships, and maintained a constant Distinguished Honor Roll throughout these years in order to be prepared for leadership. By serving two years as Student Government treasurer, serving one year as president, and serving as a co-leader in a youth empowerment group, she has really felt at home at Logos and is grateful for the opportunity that the school provides.

Montika really has a heart for others and always meets people with a friendly smile and welcoming “hello”. She spends her time volunteering part time with God’s Grace Outreach, singing on the praise and worship team at her church, writing books on Wattpad, and working at her family’s furniture business. She has a passion for poetry and won the school competition and the Regional competition for Poetry Out Loud. Montika plans to attend college and study Public Relations and Sociology, excited about where those areas of study will lead her in a career path. Montika’s bubbly personality and love for people really exhibits the motto that she wants to live by, “show practical love.”

School Statistics

Intelligence Plus Character

What is excellence in education?

Is it a score on a standardized test or perhaps admission to a top college? At Logos Academy we believe these are important, but intelligence alone is not enough to make a meaningful contribution to our community and the world. Students must learn to love what is good, to serve, and to lead with integrity and vision. The equation for shaping the virtuous leaders of tomorrow must include "intelligence plus character."

Portrait of a Graduate

Logos Academy is committed to shaping the minds and hearts of our students. Our graduates become:

Lovers of God

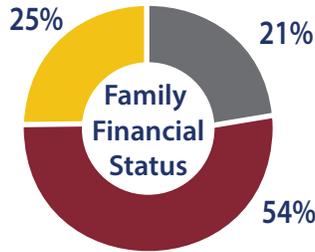

Lovers of Creation

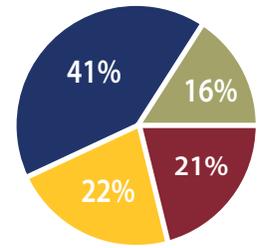

Lovers of People

Lovers of Truth, Beauty & Goodness

- At or Below Poverty
- Struggling Working Class
- Upper Middle Class

Ethnicity

- Black/ African American
